Notice to BC Capital Investors Who were Involved with Madoff Securities

The Department of Justice has established a Madoff Victim Fund which currently holds more than \$4 billion for the victims of the crimes involving Madoff Securities. As Receiver for BC Capital and the other Nikolai Simon Battoo (Battoo)-related entities, we have filed claims on behalf of all investors in Anchor Hedge Fund Ltd Class A Subfund, Anchor Hedge Fund Ltd Class B Subfund, Anchor Hedge Fund Ltd Class E Subfund, Anchor Hedge Fund Ltd Class G Subfund, FuturesOne Diversified Fund Ltd. Class L Subfund, and Galaxy Fund Inc. Class C Subfund. In the event we are successful in recovering funds from the Madoff Victim Fund, the Receiver would propose to the Court distributing the proceeds with other funds recovered on a pro rata basis to all victims of the BC Capital entities.

We have attempted to clarify with the Special Master, Richard Breeden, as to whether or not individual investors should also submit their own claim forms. We have not received any response to our inquiries. However, please note that based on the Receiver's reviews of thousands of documents, including accounting records, bank statements, email transmissions, advertising and promotion materials, and account-opening records signed by investors, the Receiver has concluded that investment accounts and funds were operated and used by Battoo as one investment pool on a commingled basis. As a result, it is not possible for the Receiver to identify the specific Madoff investors through the above Battoo related sub-funds and provide the investment details involving them. If you still believe it is appropriate, you should proceed to submit FORM IND. to the Special Master. All of the information required to submit a claim is found at www.madoffvictimfund.com.
