Proceedings: IN CHAMBERS — COURT ORDER

Before the Court is an Affidavit by Brick Kane (Docket No. 55), in which the Receiver seeks an order from the Court requiring Defendants to provide passwords for two computers located in Artur Babayan’s office at the business premises and passwords for a Google drop box used by the Receivership Defendants. Defendants’ counsel has filed a Response to the Affidavit in which he states that the computers at issue “belong to non-party Edgar Babayan.”

This Response, which does not respond to the request for Google drop box passwords or dispute that the computers were used by the Receivership Defendants and contain documents subject to the Preliminary Injunction issued by the Court, is part of what appears to be a pattern of delay and obfuscation engaged in by the Defendants to thwart the Receiver’s activities. Defendants and their counsel risk significant consequences should this dilatory conduct continue.

The Court orders Defendants to provide the Receiver with the Google drop box passwords by no later than June 15, 2015. Additionally, by no later than June 15, 2015, Defendants shall provide the passwords for the two computers located in Artur Babayan’s office. Failure to comply with this Order may result in the imposition of sanctions or the initiation of contempt proceedings.

In the future, any effort to obtain affirmative relief from the Court must be presented as either a noticed motion or ex parte application pursuant to the Local Rules.

IT IS SO ORDERED.
